## **Annual Enrollment Report**

### **Introduction**

This report provides an annual look at the summer 2009, fall 2009 and spring 2010 terms' enrollment in categories such as enrollment status, location and demographics of the community college student population. The content and format of this report have been developed through a collaborative effort between the Wyoming Community College Commission (WCCC) and the Institutional Research Committee members representing the seven community colleges. Most of the tables relay data that has been tracked by both of the aforementioned entities for over 10 years.

The enrollment reports continue to evolve as new data sets are needed to meet federal mandates and current requirements of the state and community colleges. Changes that have been made to the 2009-2010 Annual Enrollment Report include:

- Table 3: Headcount and Average Age by Gender: This table now reports the average age at each college broken down by gender, full-time and part-time status.
- Tables 4 and 5: Headcount by County and Full-time Equivalency by County now include tracking of international students.
- Table 8: Faculty headcounts are verified once per academic year during the fall term. Therefore, the faculty to student ratios will now be reported only for the fall term.
- Tables 9 and 10: Ten Year History of Headcount and FTE now includes a comparison to the previous year's enrollment.
- Table 11: New race and ethnicity categories have been added to meet U.S. Department of Education reporting guidelines.

Pertinent information to keep in mind while reading this report includes the following:

- The annualized totals are calculated by the nationally recognized method of adding the summer, spring and fall semesters together and then dividing the total in half.
- Full-time designation is achieved by being enrolled in a minimum of twelve (12) credit hours in one semester.
- "Full-time equivalency means the number of approved academic or vocational-technical credit hours for each class for which students are enrolled divided by twelve (12)". W.S. 21-18-102 (a)(xii).
- "Duplicated headcount" means that within a survey or polling exercise of numerous programs and/or courses, a student may be counted more than once. WCCC Rules -2010
- "Unduplicated headcount" means that within a survey or polling exercise of numerous programs and/or courses, a student shall be counted only once. WCCC Rules -2010

For additional discussion regarding this report, please refer to the WCCC meeting minutes dated October 26, 2010 located on the Commission's website at <http://communitycolleges.wy.edu/business/...WCCC Meetings>.
